* Wider reed fabrics may bow. This is normal and not considered a defect.

Important Guidelines

It is important to consider the following guidelines when choosing natural woven woods:

- Sample size vs. Actual size with pattern repeats.
- Amount of light filtering through the shade.
- Ambient light: daytime and nighttime.
- Context of installed shade; window trim, other window treatments, wall treatment, room decor.
- Natural aging process.

Rio Natural Woven Woods

Edge Binding Selection

Edge binding widths refer to the total flat width of the binding before it is sewn on shade.

- 2" Edge Binding- 1" of fabric shows on each side of shade.
- 4" Edge Binding- 2" of fabric shows on each side of shade.
- 3 3/8" Decorative Pattern Edge Binding - Approximately 1 1/2" of fabric shows on each side of shade.
- Edge binding is not available on all fabrics, refer to the fabric listing table.
- Edge binding does not cover the bottomrail.

2" and 4" Solid Twill Edge Binding Colors:

Decorative Edge Binding Fabrics:

Waffleweave Spa

Sienna Solid

Mocha Ribbon

Camel Weave
